

CARLES VICEDO

WEB DEVELOPER

Mobile: +34 687 765 306
carlesvicedo@gmail.com

I am a curious and dedicated web developer who likes to solve problems. Aware of good practices and testing, my professional goal at the moment is to continue developing as a programmer.

Although I am good at working independently, in teamwork I don't only apply my knowledge, but also contribute to the proper functioning of the team, striving to maintain unity and high spirits.
